

DR40

ESSENTIALS TOOL KIT

PRODUCT DESCRIPTION

An essential tool kit for general use. In keeping with our range of pre-designed tool kits, the essential kit has adopted the tool control aspect. The high quality BAHCO and Draper tools are individually embedded into oil resistant foam. These foams have red material backing which highlights a missing tool immediately, whilst also ensuring that tools are kept organised and free from the risk of damage. Supplied in a high quality nylon bag with a comfortable grip handle with a kneeling pad.

LENGTH	WIDTH	HEIGHT	WEIGHT	TOOLS
470mm	130mm	320mm	5kg	68

PRODUCT
